Innovation and Change in Japanese Human Resource ...

Japanese enterprises are undergoing change as they confront the new competitive pressures created by

globalization and the economic restructuring of the 1990s. This paper examines the nature and extent of the changes to human resource management in four Japanese multinational firms. The research found that all companies are undergoing change.

#### **Innovation and Change in Japanese Management - Springer**

Japanese corporations were expected to change in a Western way, finally accepting a more shareholder value-oriented attitude, putting profit before relationships, and increasing profitability.

#### **Japanese Culture for Corporate Innovation**

Japanese management practices and management culture need to change. There are significant barriers to corporate innovation which are rooted in a long-standing management culture.

#### **(PDF) Innovation and Change in Japanese Management**

Cultural practices are subject to constant change, hybridization, indigenization, and forces of re-territorialization, which is an attempt to re-confirm the link to a locality.
