[Is God a scientist - Answers.com](#)

so who's not to say that God is a "scientist" (remember its just a word) But God doesn't use this great knowledge to create ultimate destruction, instead he uses it to create new life (like us)

[Is God a scientist? | Christian Forums](#)

If God created man in his own image, and man is capable and intelligent enough to conduct science, then science is God's creation and part of his revealed word to man (and women tee hee - sorry about that). To reject it is to reject God. As God fearing people our job is to synthesize God's word in

[God, the Scientist - Massachusetts Institute of Technology](#)

God, the Scientist Paul Penfield, Jr. Abstract. The concept of God is often invoked to explain phenomena. If the phenomenon is one that has a scientific explanation, then it is possible to compare the scientific merits of the two explanations, one based on science and the other on God or, more generally, on faith.

#### **Is There a God? - EveryStudent.com**

The earth's perfect distance from the sun, the unique chemical properties of water, the human brain, DNA, the number of people who attest to knowing God, the gnawing in our hearts and minds to determine if God is there, the willingness for God to be known through Jesus Christ.

#### **Famous Scientists Who Believed in God - God And Science.org**

These days, many famous scientists are also strong proponents of atheism. However, in the past, and even today, many scientists believe that God exists and is responsible for what we see in nature. This is a small sampling of scientists who contributed to the development of modern science while believing in God. Although many people believe in a "

#### **Collins: Why this scientist believes in God - CNN.com**

The God of the Bible is also the God of the genome. God can be found in the cathedral or in the laboratory. By investigating God's majestic and awesome creation, science can actually be a means of

#### **Is God Real? Does Science Answer "Is There a God?"**

The reality of God's existence is the most important question, since it has eternal consequences. The evidence for God's existence comes primarily from the design of the universe. It is virtually impossible that all the physical laws would just happen to be tightly constrained by chance in order for

#### **Joke: Scientists decide to tell God that we no longer need him**

Scientists decide to tell God that we no longer need him. One day a group of scientists got together and decided that man had come a long way and no longer needed God. So they picked one scientist to go and tell Him that they were done with Him.
