The official portal of the Government of Japan provides a wealth of information regarding various issues that Japan is tackling, and also directs you to the sites of relevant ministers and agencies.

What We Can Learn from Japanese Management

Indeed, Japanese employers, even the large companies and the government, do not really want young people who have gone to graduate school. Such people are too old to start at the bottom. And

Business In Japan: Leadership - Onken

Leadership. The Japanese are a very collectivist society. There is a tighter social framework in which the person respects the group he or she belongs. Also, the Japanese place a great emphasis on belonging, working together and being a good member. Therefore, the best type of leadership style that would be most effective for the Japanese would be the participative leadership approach. The

Government of Japan - Wikipedia

The government of Japan is a constitutional monarchy in which the power of the Emperor is limited and is relegated primarily to ceremonial duties.
