The college of the future has just one purpose: endless

KAMPUS; James E. (James Edwin) (1923-) Gunn:  
9781299988606 ...

SF writer and historian Gunn was an English professor at  
the University of Kansas, and this novel is his response to  
the student radicals of the 1960s. He depicts a future  
United States in which revolution has become a way of life  
on campus. The students rule the roost, at least in theory,  
and carry on meaningless "revolutionary" activities, while  
living a life of drug-addled self-indulgence.
