Linguistic Fieldwork - A Practical Guide | Claire Bower ...

This is a practical guide to all aspects of linguistic fieldwork. It not only discusses techniques for working on the phonetics, phonology, morphology, syntax and discourse of an undescribed language, but also considers field technology, grant application preparation, ethical research methods and problems which might arise when in the field.

Linguistics - an overview | ScienceDirect Topics
Linguistic fieldwork is the collection of data on languages and language use through observing, interviewing, and recording native speakers. The most important purposes of fieldwork are surveying languages and dialects, writing grammars and dictionaries, and the study of first language acquisition. In addition, fieldwork is employed for the investigation of specific topics in sociolinguistics.
