It took me some time into my project management career

to realize, and logically accept the fact, that within the project management domain one has to have clear appreciation of the distinction between accountability and responsibility.

ACCOUNTABILITY IN CORPORATE GOVERNANCE | economy building

Accountability is a very important pillar of corporate governance. Without it, the agency problem would be hard to defeat. With it, the confidence of stakeholders is increased. It is achieved through faithfulness in various aspects of corporate governance especially reporting. The strength and accuracy of the reporting is also strengthened by various standards and regulations.

Corporate Accountability - Investopedia
