In this important new study, John Peck examines the cultural significance of maritime novels from Defoe through to Conrad. Focusing in particular on the image of the body, he illustrates how these works are built around the disparity between the masculine and often brutal regime of the ship and the civilised values of those who remain on the shore.

Recent Maritime Fiction: Women and Words. The very existence of Maritime women writers, let alone their emergence into prominence, is startling -- dazzling even -- given the tradition of Maritime fiction. For it is a tradition which has, to a remarkable degree, both excluded and maligned, or at least misrepresented, women in terms of their relation to the world of words -- spoken and printed
