Maritime Security: An Introduction: Michael
McNicholas ...

Maritime Security: An Introduction, Second Edition, provides practical, experience-based, and proven knowledge - and a "how-to-guide" - on maritime security. McNicholas explains in clear language how commercial seaports and vessels function; what threats currently exist; what security policies, procedures, systems, and measures must be implemented to mitigate these threats; and how to conduct ship and port security assessments and plans.

Whether the problem is weapons of mass destruction or

Maritime Security: An Introduction by Michael
McNicholas

The commercial maritime sector is highly vulnerable to theft and piracy, and presents a probable target for a major terrorist attack. The best way to prevent losses is to apply lessons learned in another arena-OCothe struggle to curb drug smuggling. This effort has shown that successes can be achieved when effective and comprehensive security measures and procedures are im
