Memory, Print, and Gender in England, 1653-1759 is a major reconsideration of a moment when the cumulative weight of print forged a new, exciting, and disturbing notion of fame. This study will be riveting and essential reading for scholars of the seventeenth- and eighteenth-centuries. Weber's brilliant and beautifully argued readings explore the work of Cavendish, Milton, Pope and Richardson as they negotiated classical notions of fame in a world of proliferating paper and competing
