However, The Nature of Jade is still a very nice read. The boy is a little different than most teen books, which adds interest. Personally, I loved where the book is set, Woodland Park Zoo. The relation to the animals is intriguing and thought provoking. I would definatley recomend the book. If you have read Caletti's other books, yu will still love this one.

Rated 4 out of 5 by bookish from The Nature of Jade Such a good story with characters you care about. I like that this isn't YA that solely focused on the teen, the entire family plays a strong role in it and I thought the issue of anxiety was handled well and in an encouraging way.

Caletti leaves us all with the correct impression that girls are stronger than they know and more resilient in the face of hardship than even they would expect, and that's a lesson that's a pleasure to learn from The Nature of Jade.
