[Perceiving the Affordances | A Portrait of Two ...](#)

Perceiving the Affordances is a personal history and intellectual autobiography of Eleanor Gibson, the groundbreaking research psychologist who was influential in the founding of the theory of perceptual development. It is also a biography of her husband, James J. Gibson, who was a major perceptual theorist and the founder of the ecologically-oriented theory of perception. This is the story of their lives together and how each came to make particular contributions. This book is of interest
