Taiwan has been hailed as a successful case of democratization. Compared with many other nations, the transition from authoritarian rule occurred in a rather orderly fashion. Group consciousness

Politics of Difference in Taiwan | Taylor & Francis Group

This volume is the first study to examine the politics of difference in Taiwan. It aims to go beyond ethnic identity as the sole concern for group boundary; to acknowledge the interests of other marginalized groups, and to look behind reified group boundaries in order to discover group differences as mediated social relations based on overlapping boundaries rather than exclusive opposition. In

On the one hand, differential treatment has been applied to migrants of different class background in determining their entry and stay. For example, as compared to other migrants from a higher-class background, the continual stay of guest workers within the contractual period is contingent on health inspection.
