Antennarrative is a term invented by David M. Boje in 2001, and is defined as a bet on the future, as before narrative linearity, coherence, and stability sets in. Antennarrative is all about prospective sensemaking, betting on the future before narrative retrospection fossilizes the past. Antennarrative storytelling is therefore agential in ways that traditional narratology has yet to come to grips with. This handbook contribution is bringing together a decade of scholarship.
