The Ethics of Animal Re-creation and Modification ...
Would it be cool to see woolly mammoth alive one day?
Disappeared species have always fascinated the human
mind. A new discussion of using genomic technologies to
reverse extinction and to help in conservation has been
sparked. This volume studies the question philosophically.

READING: While much has been written on
environmental politics on the one hand, and animal ethics
and welfare on the other, animal politics is underexamined.

There are key political implications in the increase of animal protection laws, the rights of nature, and political parties dedicated to animals.
