Governments use human rights both as a tool and as an objective of foreign policy. The Role of Human Rights in Foreign Policy analyses conflicting policy goals such as peace and security, economic relations and development co-operation. The use of diplomatic, economic and military means is discussed, together with the role of state actors, intergovernmental organizations and non-state actors.

[Human Rights and Foreign Policy | Teaching American History](#)

First, we have reaffirmed America's commitment to human rights as a fundamental tenet of our foreign policy. In ancestry, religion, color, place of origin, and cultural background, we Americans are as diverse a nation as the world has ever seen. No common mystique of blood or soil unites us. What draws us together, perhaps more than anything else, is a belief in human freedom. We want the [Human Rights and Foreign Policy: A Proposal | Foreign Affairs](#)

The Soviets in Geneva [to negotiate SALT II] never even hinted at the Kremlin's resentment of the Carter human rights policy, and the Americans were equally careful not to echo their Government's criticism of Soviet human rights abuses.

Foreign policy and the issue of non-interference. The idea that governments can legitimately concern themselves with the way in which another state treats its own nationals is a relatively recent innovation in international relations.

THE ROLE OF HUMAN RIGHTS IN FOREIGN POLICY

eign policy, plus a full awareness of the fact that human rights are still being violated in many parts of the world. More optimistic is the assumption of the universality of inter

Human Rights and U.S. Policy - FPIF - Foreign Policy In Focus

The period since World War II has seen an expanding international consensus around fundamental human rights. The U.S. has played a leading role in this unfolding dynamic, at least with regard to political and civil rights, but this role has been fraught with tension. Assertions that human rights are central to U.S. foreign policy are undermined both by Washington's reluctance to criticize
Human Rights in Foreign Policy - Canada's Human Rights History

Canadian foreign policy privileged state sovereignty to the detriment of human rights intervention.⁷⁰ The country's support for human rights, especially within the UN, was initially based on a cold calculation of self-interest. Ottawa slowly accepted an international dimension to rights because it came to believe that the popular appeal of the idea might help keep afloat the UN and

Human Rights and U.S. Foreign Policy: Short-Term Prospects

The article then discusses reasons why human rights considerations seem likely to play only a relatively limited role in U.S. foreign policy in the then immediate future. These include the fact that foreign policy-making officials must typically justify their actions in pragmatic terms, related to immediate and obvious national interests and

their skepticism that efforts to promote the human
