The soul of the congregation, argues Frank, is a way of being and being-in-the-world, and not didactic or productive. Every congregation is a unique culture comprising the artifacts, practices, values, outlooks, symbols, stories, language, ritual, and collective character that makes it particularly itself.

[The Soul of the Congregation by Thomas Edward Frank](#)

Thomas Edward Frank points out that the dominant paradigm of many contemporary books about church administration reflects an underlying "theology of progress," a distilling of the gospel into self-worth, a conflation of basilea with market growth.

The soul of the congregation, argues Frank, is a way of
being and being-in-the-world, and not didactic or
productive. Rather than reach for some newfangled church
marketing or growth paradigm that does not feed the soul,
Frank urges us to lean on what we already have among us.
In so doing, we will rediscover the soul of the
congregation of which we are already a part.
