Uncovering Student Ideas in Astronomy
Uncovering Student Ideas in Astronomy- 45 New
Formative Assessment Probes, by Page Keeley and Cary
Sneider, rolled off the press in March 2012. This book
contains 45 informative astronomy-related science
questions that can be used by elementary teachers, middle
school science teachers, high school earth and space
science teachers, university pre-service educators, NASA
education specialists, and professional developers.
Beginning with a Foreword by Andrew Fraknoi, former
Executive Director
